

OPERATING INSTRUCTIONS

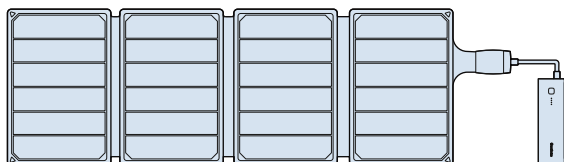

15000mAh Two-way Fast Charging Portable Power Bank

| | |
|--------------------|---|
| Model Name | Micro30 |
| Product material | Main body aluminum alloy |
| Capacity | 15000mAh (3.2V/48Wh) |
| Cell Chemistry | EV-Proven LiFePO4 battery |
| Output OUT1 | 5V = 3A/ 5V = 4.5A/ 9V = 2A/ 12V = 1.5A |
| Output OUT2 | 5V = 3A/ 9V = 2.22A/ 12V = 1.67A |
| Output OUT3 | 5V = 3A/ 9V = 2A/ 12V = 1.5A |
| Output OUT1+OUT2/3 | 5V/ 3A MAX |
| Input IN | 5V 3A/ 9V 2A |
| MAX Output Power | 22.5 W |
| Rated Energy | 3.2 V-48 Wh |
| Net Weight | 0.467kg |
| Dimension(W*D*H) | 47*50*156 mm |

36W Portabel Solar Pannel

| | |
|---------------------------|---|
| Model Name | Solar 36 |
| Material | high-density ETFE ETFE |
| Connector Type | Type-C/USB-A -Ausgangsprotokoll |
| Transformation efficiency | ≥22.6% |
| MAX Output Power | 36W+5% |
| Function | It integrates multiple fast charging protocols such as 5V/3A, 9V/3A, 12V/3A, etc. It can charge various electronic products such as multi-model mobile phones of Apple, Samsung, Huawei, digital cameras, Bluetooth headphones, iPads, portable power banks, laptops, small fans, etc. under the sun. |
| Included Components: | Power bank x 1, Type-C Cabel x 1, Solar panel x 1, USB-C to USB-A Converter x 1, Carabiner x 2, Manual x 1 |
| Net Weight: | 0.55kg |
| Dimension(W*D*H): | 198*280*30.5mm |

Description The green energy combo set is a new-generation mini optical storage charging power supply. It is equipped with a 15,000 mAh power bank and a 36W solar charger panel. It has high safety, supports Type-C fast charging, and can meet the needs of most smart devices.

Solar Powerbank Bundle

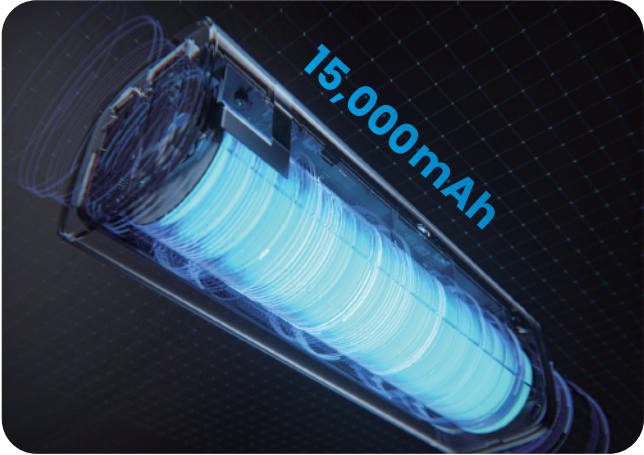

15000mAh Power Bank Solar 36W

iPhone
 Tablet
 Airpods
 Laptop
 Camera

**SUPERIOR SAFETY-USING
EV-PROVEN LIFEPO4 BATTERY**

EV-Proven LiFePO4 batteries are extremely safe and reliable. No thermal runaway and able to recharge thousands of cycles.

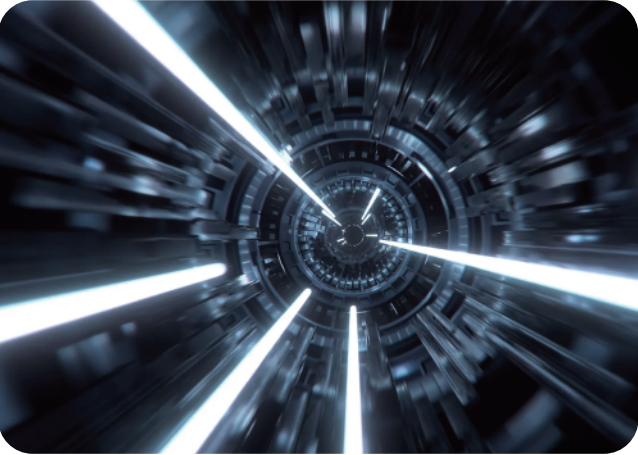

DUAL -DEVICE CHARGING

Use both USB-A and USB-C to lighting ports simultaneously to charge two of your essential devices with a total output of 22.5W.

**SUPPORT QUICK CHARGE 3.0 & PD 3.0
KEEP CHARGING EVERYTHING!**

It has two output ports equip with PD3.0 , and one output port QC 3.0 fast charging technology to identify your device. Let it charge two cell phones devices simultaneously and a maximum power output of 18W.

**HIGH ENERGY CONVERSION
RATE UP TO 23%**

The Gendome Solar 36 optimizes the SunPower solar panels with impressive efficiency, converting up to 23% of solar power into free energy.

**SUPPORT HIGH SPEED
USB-C OUTPUTS**

Never get caught without power again. Quickly charge your mobile devices with highspeed USB Solar Charging.

LIGHT WEIGHT, THIN

Portable and convenient to meet your mobile lifestyle. With solar-powered charger, you'll have a constant source of energy at your fingertips, both on the trail and off. Portable and convenient to meet your mobile lifestyle.
